I'm at fault for not telling Kashin the truth nor telling him to be careful!
And Ran, your only fault is your twisted way of thinking.

We drove him to his death.

Is he...
...really going to die?
Ran!

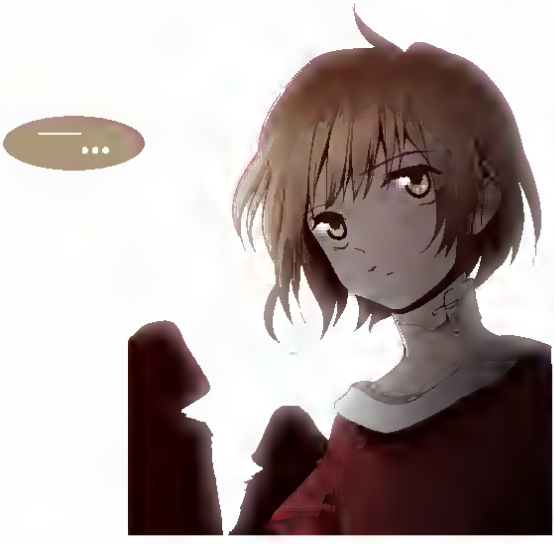
Where's Kashin?! Did he leave already?!
Not yet...
Did you make up?
Ru
.....

I'll come pick you up in no time, so don't worry
Creak
Oh, Kashin!
I'm not worried
Are you leaving now?

You have to see Senka, at least. She's coming tomorrow!
It'll be better if we don't meet, actually.
Really?! Well then, come play next time!
Uh... Why are you up already?
To say bye.
.....
.....

Does the vaccine take care of everything, then?
It only protects her from Air Mana. We'll have to see about everything else
That's a lot to worry about.
Should he...
...really be worrying about others right now?
If you go now...

...you'll be killed!



Wait, please.

Hey, you. You seem to have the wrong idea here.

Step

So before I leave, I'm just going to say one thing

I didn't hurt your girlfriend on purpose, okay?
What?

If I knew I was making her sick, I would have stuck to that small all day
Of course, I wouldn't have gone anywhere near her room either

I kind of understand what you've been through, and why you acted that way, but I'm still not going to apologize.
Because you're also at fault for not telling me the truth and just attacking me like that!

Anyway, I hope we won't fight like this next time we meet.
And I also hope Senka will be cured by then.

Well then,

Bye.

Step

I'm done now
Let's go

Step

The heck is that?

Are you
kidding me?

Uh-oh.

You guy...

...please tell me
you picked the wrong
person to kill.

DOES HE REALLY LOOK LIKE THE TYPE OF SCUMBAG WHO'D DESTROY THIS WHOLE DAMN WORLD, YOU BLIND SHITEATERS?!
T-That bra-!
?!

I STARTED THE FIGHT!
I ATTACKED FIRST, AND I USED MAGIC FIRST!! CAN'T YOU TELL WHAT HAPPENED JUST BY LOOKING?!
SO WHY THE HELL IS ME GETTING KILLED?! WHAT DID ME DO WRONG?!!

DO YOU KNOW WHAT KIND OF GUY HE IS?!
I TORMENTED HIM AND TRIED TO KILL HIM, BUT HE STILL HESITATED TO TAKE REVENGE WHEN HE HAD THE CHANCE TO GET RID OF ME FOR GOOD!!
Wha
n to kill?
SFX Thunk
JUST KILL ME INSTEAD!! IF ANYONE NEEDS TO DIE FOR WHAT HAPPENED, IT'S ME, NOT HIM!!!
Shut your mouth, Ran.

What do you think you're doing?
Do you think Kashin will go quietly if he knows he's going to die?!
Why do you think I kept quiet about this?
If he causes any more problems, he can't even hope to live a few more days!
Why can't you just think before acting?!
That's why I'm telling them!!
I'm telling them to think again, to see if he's really capable of hurting others!
You know that he won't ever use his Mana on a whim! You don't want him condemned, either!

T-That's right! I can stop him from using Mana!
I'll stay with him and keep an eye on him so he can't use it!!
Of course something like that wouldn't work.
If something happens, I can just stop it. Right? Please!
Just reconsider it!
Is Kashin going to die, Psyllee?
After all, three out of four executive members had voted for his death already.

I'm begging you...

W-Waaaah!! Don't die, Kaekin!!!

But the leader of the Yeoha-dan simply...

Call a meeting.

So what happened to you and Dad?!

at do you
wha
It's exactly as you see right now.
That man left, we didn't live together anymore, and we got permission to live along with normal Mana users.
The... Yeoha-Dan leader?
s. our th

And then? And then what happened?
And t
That's right, the 73rd cabinet

After everything was settled, we enrolled into a normal school. And later, we used a cabinet to make a Memory Box.
That's the 73rd cabinet in your room.
's not like we wanted to put anything extraordinary in it.

We made it to store our memories of the fight, and Senika's sickness...To bury them forever.
Something to hold our promise to never fight or be sick ever again.

It's really nothing special But I tried so hard to keep the truth from you because

I couldn't bring myself to tell you all about Senika so lightly

After all...

She died?
Oh, so you knew?
Seriously?! That's the only reason you lied to me and tried to hide it?

It's not like Dad is a hermaphrodite, so I must have a mother. But I've never seen her. You really think I never thought about it all this time?
Hap
W-Well, no. I just thought you'd be shocked.

You shouldn't worry about something like that. As long as you don't fight with that officer, that's enough.
I thought you were going to take my side when he found out who I was earlier. Do you know how worried I was?

I don't want to make you into a criminal as well.
Criminal...

I've done something much worse, though!!!

Ah, I feel so much better now!
Now that he found me, there's so much more to be careful about. But it doesn't feel too bad.
Oh, right! Dad sounds super stubborn and all, so thanks for being his friend!!
Well, I have something I have to tell you.

This is awful timing.
You're so happy, and it feels
wrong to break the mood. But it
does concern you, so I'm
going ahead. Okay?
Hehe, go ahead.
Truth is, just earlier...

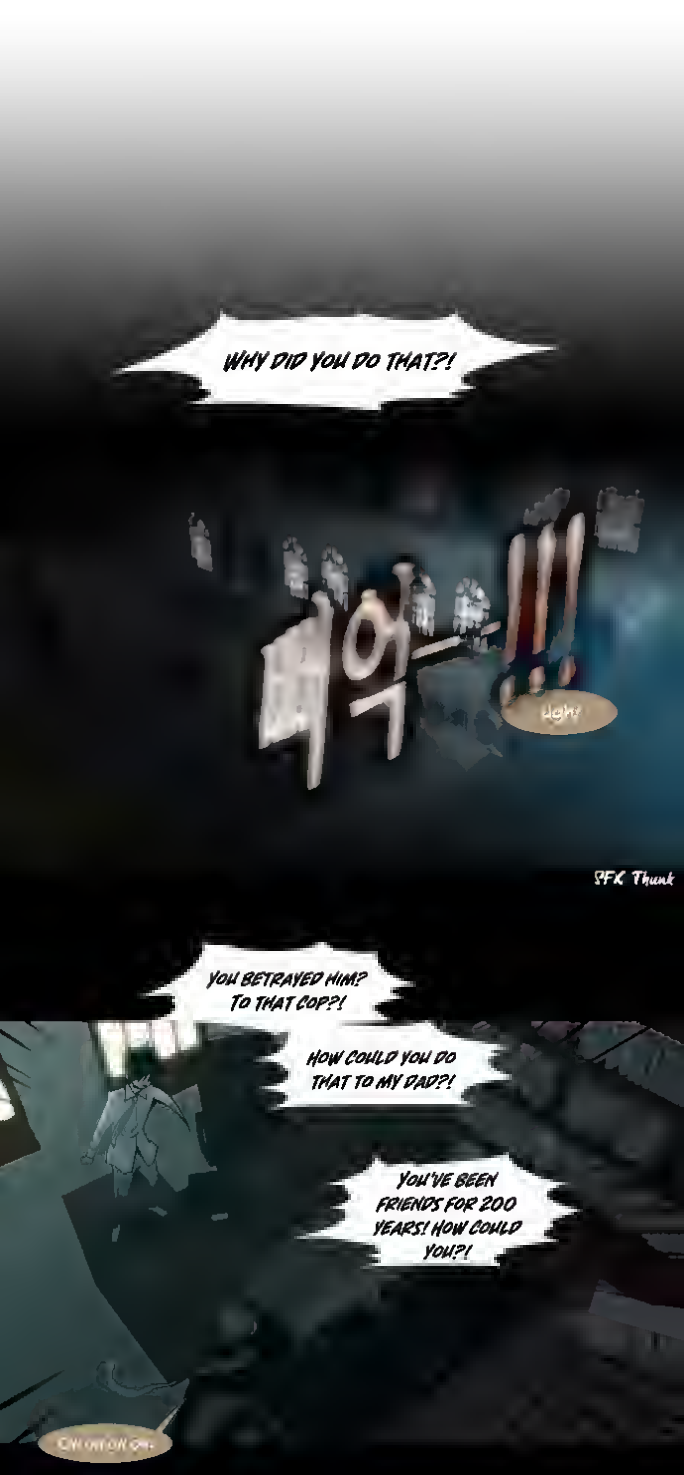
C. II
The professor is running late.
Homeroom's going to be over soon.

He really loves sleep.
And he's so lazy.
If laziness were an Olympic game, he'd win the gold medal every single time.
Oh right! What happened to the cabinet?

Have you told him yet?
Ah, whatever! I don't care about that anymore.
You slacker!
Hey, Bize!
Go check on him before first period starts. You're Class President, so it's your job
...

Why? Why?!

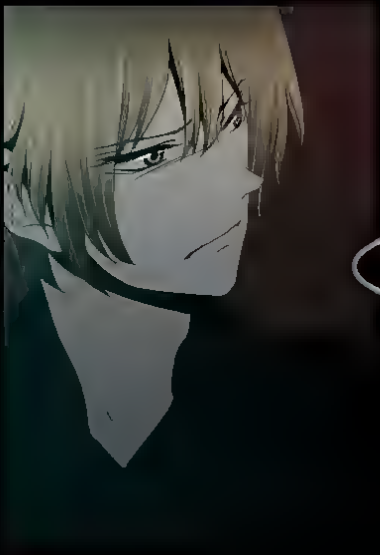


WHY DID YOU DO THAT?!
Ugh!
SFX Thunk
YOU BETRAYED HIM? TO THAT COP?!
HOW COULD YOU DO THAT TO MY DAD?!
YOU'VE BEEN FRIENDS FOR 200 YEARS! HOW COULD YOU?!
OH NO OH NO

BUT WAIT. YOU MUST HAVE SOME SORT OF SCHEME, RIGHT?
NO WAY WOULD YOU DO THAT UNLESS YOU HAD SOME SORT OF PLAN!
Seriously, if I had a plan, I wouldn't have told him all of it in the first place.
Listen to me, Hya
Even if Ran is your father and my friend, other people won't think of him that way at all.

SO WHAT?!
NANTED
IT'S NOT LIKE I'D BE PUNISHED JUST 'CAUSE DAD'S A CRIMINAL!
GUILT-BY-ASSOCIATION WAS ABOLISHED YEARS AGO, SO HOW COULD YOU DO SOMETHING SO STUPID?!
BUT BESIDES ALL THAT, YOU DIDN'T EVEN TELL ME ABOUT IT BEFOREHAND!
HOW COULD YOU JUST CASUALLY TELL ME WHAT YOU DID?! I'M STILL HIS SON!

SFX: Slam



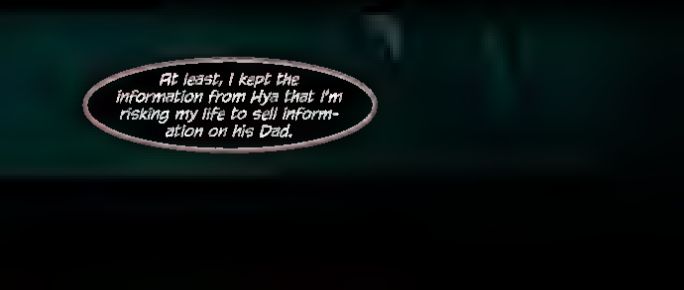
It would cause you
harm if others simply knew
you existed.

It must have shocked him terribly, but it can't be helped.
I didn't want to tell it myself, but why am I being called in?
It's better to tell him the truth now than have him find out later.
Well, I'm just glad he didn't ask for the details on my contract with Ten.
Thrsb

You probably also have the number "VII" upon your body now.
Now that I'm a chess piece, I'll reveal nothing about my previous investigations, and I won't let outsiders know about you and Nori.
Also, I will put out a false trail, so Hyacen and others around you won't be caught up in the investigation.
In return, you are obligated to tell me everything about Ran.

Of course, you only have to tell me about things you know and that I ask for.
The moment you go against these rules or lie to me,

...you will die.



At least, I kept the information from Hya that I'm risking my life to sell information on his Dad.

All I can tell him are stories of his parents, and the memories in the cabinet.

That's all you need to know, Hya.

You're here.
They're making a fuss because you're missing.

Oh, sorry. I slept in.
Did the bell ring yet?
No, you still have about 10 minutes left.

If you're tired, should I just wrap things up and send them to class?
That's nice of you, but Ajussi

get the attendance sheet?
Oh, yes, of course.
"Ajussi?"

Ran, if you just confessed your crimes, served your time and then came back to Hya, everything would end well.
But if you can't do that, you have to be willing to sacrifice something for him. We both have to.
But even so, there'll be a pretty hostile atmosphere here for a while.

And that's how it is.
I've kept an eye on them for the past few days, but they don't seem to be connected at all
Yeoha-dan First Headquarters
If we watch them any longer, it's possible that they'll notice the surveillance. Then, we'd have to deal with Generalissimo Wiquebelry, which would require loads of paperwork. So let's avoid that.
This is your jurisdiction, so do what you want.

Okay, the Nori and Kashin business is taken care of. I think we'll be able to find Ran soon.
I got a third party to help me, but you don't mind that, right?
Oh, and take Sena off the investigation team.
We're dealing with a dangerous criminal. She may be a tomboy, but she's still a woman, so... Are you even listening?
I nodded! Didn't you notice?
Are you kidding me?

TEN
But hey, Leader.
We made a contract and our partnership is absolute, so can't you at least tell me your name now?

I don't know your name or your age. I only know that you're the Leader of the Yeoha-dan.
I know by experience that people with lots of secrets usually don't have a very clean background.
Leader of the Yeoha-Dan (???)

How dreary. Why are you hiding so much anyway?

That's a very good question indeed.

Hey! Get out!
Can't I just look?!
The password is set already, so why do you have to look over my shoulder?!
What if you change it to something else while we're away?!
Let's just go. We can trick it by ourselves.

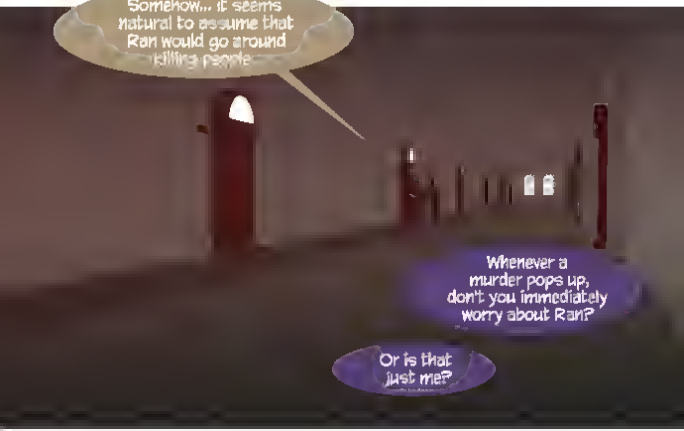
Do you really think Ran would mess around like this?
If he wanted them dead, he'd just kill them! He wouldn't do something so sick and twisted!



Somehow... it seems natural to assume that Ran would go around killing people
Whenever a murder pops up, don't you immediately worry about Ran?
Or is that just me?

If you have enough time to worry about other people, I have a favor to ask you.
What kind of favor requires you to look around like that?
It's about the diary involved in the incident on the 29th of February.

I need you to explore its nature, and see if there are any traces of who possessed or used it.
Also, find out if it can be used on members of the law enforcement.

I really want to avoid using it, but we can never be too sure...
You're... really meticulous.
I have no other choice.

I don't know what exactly happened that day, but traces of magic use lingered on the diary...
...in Hya's handwriting, even
I don't think Ran would have told Hya to use the diary. Most likely, Hya acted on his own to help Ran.

Despite that, the story itself must have a different power source because Hya's existence was not revealed to the world.

Well, who is long dead, there isn't a problem. But if it's from elsewhere, then it could leave traces behind. So I— worried. Well there's more to it than just worry, though

You're late.

Have you heard about the Black Raincoat murders?
Yes.
They say he targets women and children. Is Hyacen all right?
Worry about yourself first.
Whoa, are you actually showing concern?
Flap
In your dreams.
Tch, you're no fun

Oh, that's right! The cop from before wanted me to give you something.
Not to you as Ran Belrenephia, but you as the owner of this shop.
What is it?
The Melly Day case really messed us up.
I'll bet they're sending us an official apology now that suspicions are clearing.

Here you go.

If it's just some paper saying that we're not under suspicion anymore, wouldn't they have sent this half a year ago, if not sooner?
You know that they put off obligations like this until the very last minute.

A picture?

A cop asked you to give this to me?
Yes. He was a tall man with a tattoo on his face.
You know, he came here right after the Melly Day case. I told you about that, remember?

Please give this to Mr. Penguin.
He gave it to me and then told me to be careful. Something about the high crime rate in this area what with the Meliy Day case and now the Black Raincoat psycho.
I think his name was Ten. I think he's in charge of this area.
He came by himself and he wasn't acting particularly suspicious, so I just took it.

But Professor Kashin doesn't really care about grades that much.
You don't know how lucky you are to not have a father like Bize's.

What's wrong with his father?

He really expects the very best grades.

But then again, his family has generations and generations of teachers, so it's sorta to be expected.

Not really

It doesn't have anything to do with my family. I'm doing this because I want to.

Isn't it normal to want to make your parents proud?
Besides, when I look at my parents, it also makes me want to be a father who can make my own children proud
Ooh.
That's why I thought everyone was like me and tried their best, but I guess there are exceptions.
I met someone who cares more about playing than his responsibilities.

Not really.
I'm just worried that you might score a zero this time too.

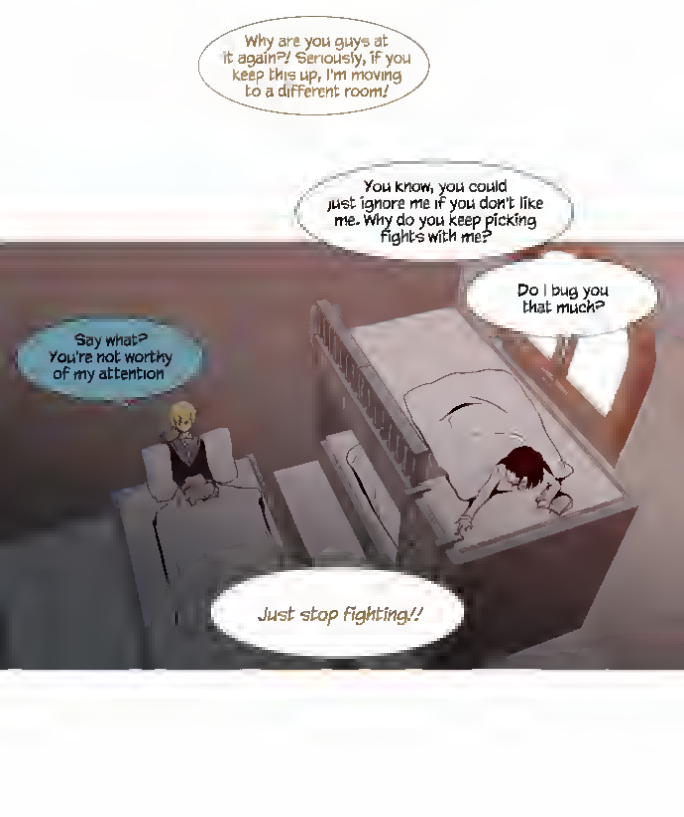
Aren't you just scared that I might get a higher score than you?
You? Score higher than me? What a lame joke.



Why are you guys at it again?! Seriously, if you keep this up, I'm moving to a different room!
You know, you could just ignore me if you don't like me. Why do you keep picking fights with me?
Do I bug you that much?

Professor!!
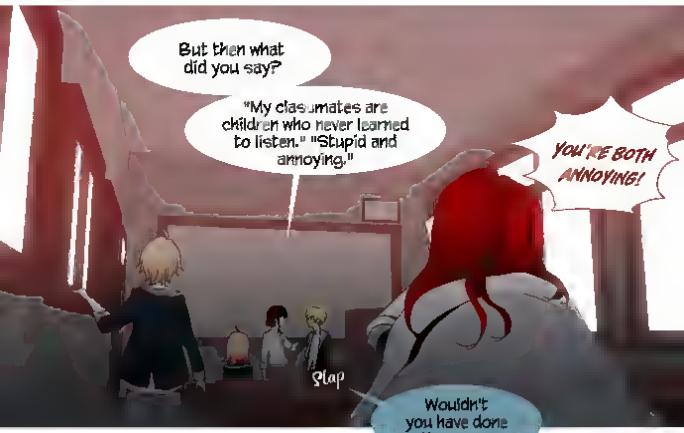
Huh?! Isn't Professor Kashing here?!
He left for a bit to take care of things for the next quarter.
Why are you asking, though?
Oh... Oh no...

Two guys started a big argument and
Anyway, could you just come?/
?????

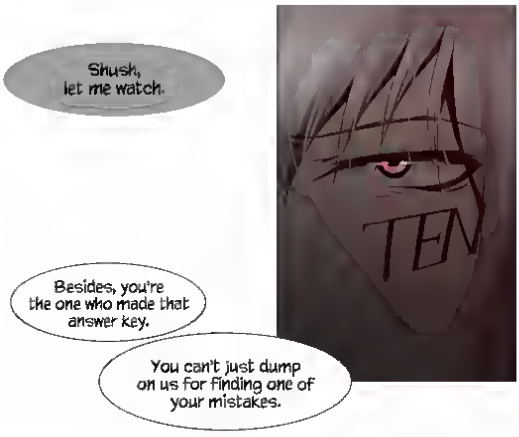
wow!

C.I
YOU interrupted ME with all your chatter, so why am I the villain here?!
We already apologized for that.
You're fighting again!!



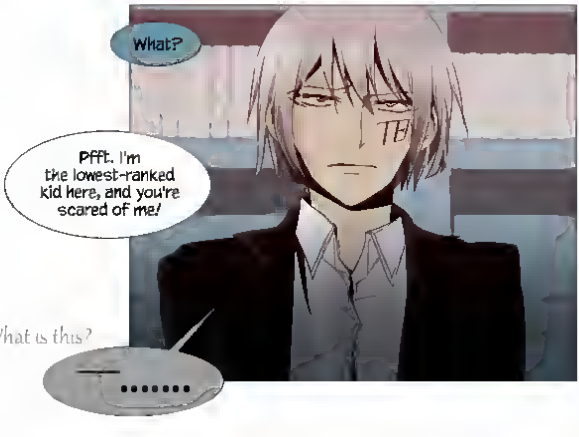
But then what did you say?
"My classmates are children who never learned to listen." "Stupid and annoying."
YOU'RE BOTH ANNOYING!
Slap
Wouldn't you have done the same?

I'M WASTING MY TIME, TIME THAT I COULD SPEND STUDYING. JUST TO TELL YOU THE ANSWERS! BUT SO WHAT? NO ONE IS LISTENING!
Coming through!
IF YOU'RE GOING TO FIGHT, GO IT OUTSIDE!
If you're being a Mr. Nice Guy, then at least pretend to listen to us when we say there's something wrong with the answer key, why don't you?
Score! A front-row seat!
Aren't you going to stop them?!
Why should I? I came here to watch.
MORON! I TOLD YOU TO GET OUR HOMEROOM TEACHER! WHO THE HECK IS THIS?



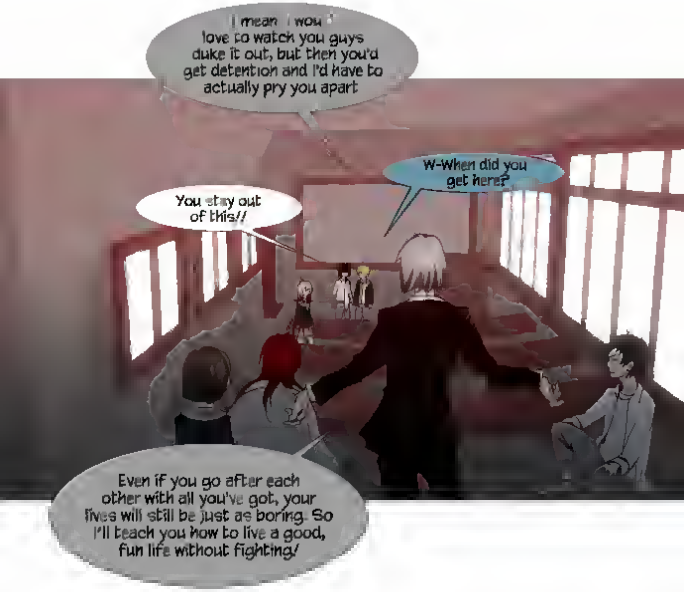
Shush, let me watch.
TEN
Besides, you're the one who made that answer key.
You can't just dump on us for finding one of your mistakes.

Hyacen!!
Or are you freaking out because you're worried that I'll take your spot as number one?
Because you know I'm right, that you made a mistake?

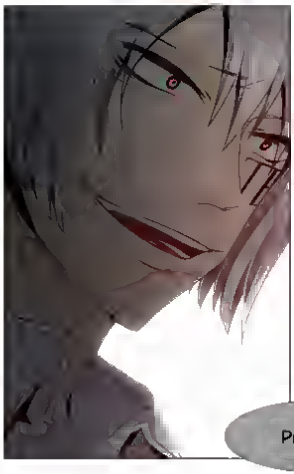


What?
Pfft. I'm the lowest-ranked kid here, and you're scared of me!
TEN
What is this?
.....

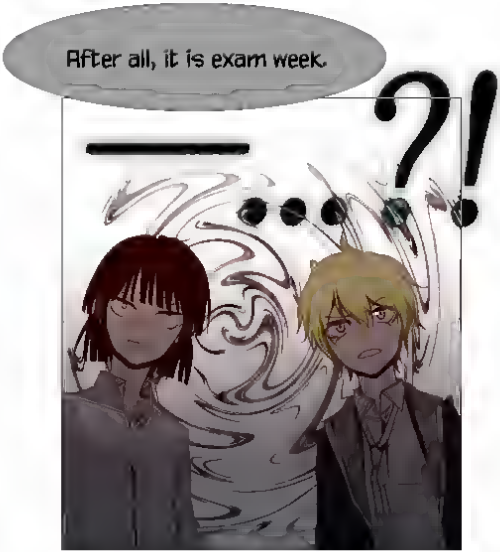
DON'T YOU GET ALL HIGH AND MIGHTY OVER ONE QUESTION.
Whoa now. Gonna hit me?
Do it then Hit me, you kiss-ass.
Hey, hey. That's enough.



I mean, I would love to watch you guys duke it out, but then you'd get detention and I'd have to actually pry you apart
W-When did you get here?
You stay out of this!!
Even if you go after each other with all you've got, your lives will still be just as boring. So I'll teach you how to live a good, fun life without fighting!

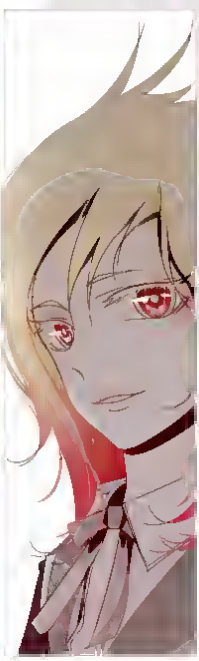


Suppressed feelings, studying, fighting. - In the end, it's all just a game.
And in this particular game, the student with the best exam score wins. Right?
Perfect!



After all, it is exam week.
?!

Trump

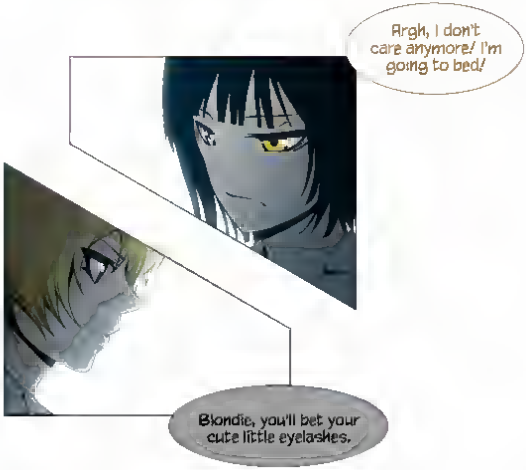


Here, Maliy's diary.
An unexisting person's Mana was the only detectable thing on the page that Hyacen used.
There are also no traces of us using it.
It's legal to use as long as the user doesn't target a specific person or organization.
By specific organization, do you mean the police?
Yup.
I asked some brokers; they said that you should never use magic against the cops, no matter how accurate and precise it is.

True. As long as Hya is safe, there is no reason [illegible] use this against
Then what? Are you going to write down a wish?
No. Nothing like that.

I'll let you know as soon as it's certain.

I'll just have some more.
Butt out.
Why did that cop have to say stuff like that?



Argh, I don't care anymore! I'm going to bed!
Blondie, you'll bet your cute little eyelashes.

And Hyacen, you'll bet your little strand of hair with a brain of its own.
The winner gets to rip them out of the loser with their bare hands!
No way...
...will I lose!!

Crack

But really...
I shouldn't have done that to Ari.

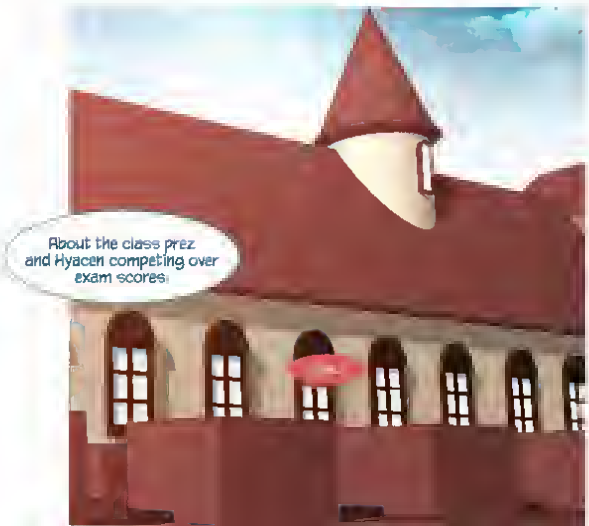
I SAID, SHUT THE HELL UP!!

I hit her pretty hard. I'm sure she's upset

I'll have to apologize tomorrow.

Ari, what do you think?

About what?



Of course Hyacen will win.
Oh, really? Amaz[illegible] enou[illegible] to beat Bize[illegible]
Strang! Ari!

Hey, Bize Are you okay? I heard Hyacen's your roommate.
What was that? I'm sure they were talking about me

Oh, yeah. I'm fine.
Anyway, Ari, is your hand okay?
I acted without thinking yesterday
I'm sorry if I upset you
Oh no, I should apologize...

It'll only take 20 weeks to grow back, after all.
You know, since you'll have all your eyelashes ripped out today.
Hey!!
I'm actually trying to apologize here! Aren't you going too far?!

But it's true.
Even with your I.Q., there's no way you'll beat Hyacen. He's got more than just simple intelligence.
What's funnier is that Hyacen himself has no idea how different he is from others.
IF you're a genius, then Hyacen would be—
What?!

DO YOU THINK THAT'S POSSIBLE?!
EXPLAIN YOURSELF!!
Huh? Ari?
What are you doing there?
Oh, it's Hyacen.
HYACEN!!
Oh, you're here too? I hope you're not picking on Ari again
"IS IT TRUE THAT YOU GOT A PERFECT SCORE ON EVERY EXAM EXCEPT FOR ARITHMETIC?"
Oh...

Oh...

What about it?
What about it?
You didn't even get serious and study for any of the subjects, but you still got perfect scores. That doesn't make sense.
IF YOU CAN GET PERFECT SCORES JUST BY READING A FEW BOOKS, THEN THERE'S NO POINT IN COMPETING!
I guess some people don't even do that much

Seriously...
YOU didn't try hard enough, so why are you yelling at ME?
I... didn't try hard enough...
Probably not.
You call yourself the top student.
In that case you should try to live up to that name.
If "top student" means "answering wrong," I could do it too.

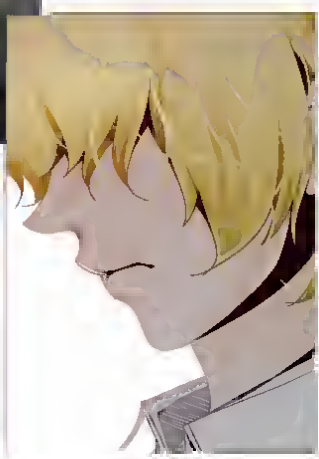
Tired...

We have to start the extra courses for our majors today, so classes are going to run really late! Did you know this?
Yeah.

But we get to run around like real investigators for the Yeoha-dan classes - that'll be so cool! How exciting!

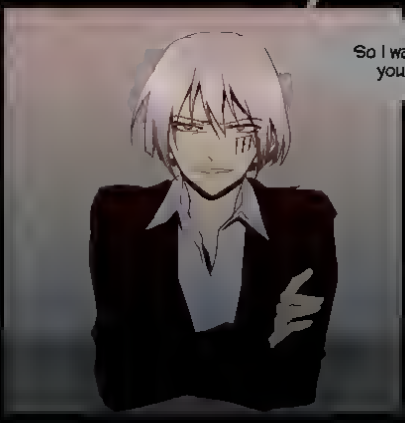


Yeoha-dan...

Why are you here?

It felt like I pushed you two to this point, and I just couldn't sit still.

So I wanted to help you make up.



How is Hyacen?

He thinks it's my fault, right?

Well, what do you think?

Maybe it's your fault for pushing him down the stairs, but Hyacen is wrong too.
He did provoke you, after all.
What are you...?
Oh, don't misunderstand. I have no intention of coming between you two.

Instead of just reading, I'm thinking about adding hands-on work to the Yeoha-dan classes.
So, why don't you help out Hyacen with the class, since he can't take notes and all with his bad arm?
Besides, you'll need to use Mana for the class exercises, so it's the perfect chance to show that you're ahead of him.
There are only two in this school
...you and Sirang, who can use Innate Mana
Or is it three, including Ari?

Yeoha-Dan, and Innate Mana...

In the majors courses,
it'll be a huge advantage to
have Innate Mana.

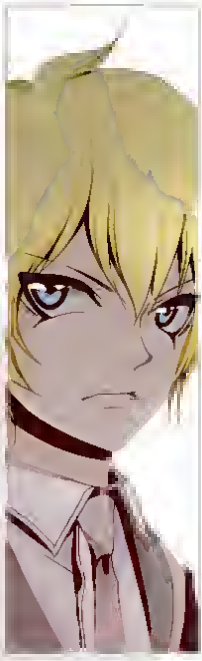
I was wrong to push him down the stairs. But I still don't want to lose.

If it's Mana, theory or practice,

...or whatever it is...

...I have to win against him.

Trump



ARE YOU KIDDING, AIUSSI?!
HOW CAN I DO A PROJECT WITH MY HAND LIKE THIS?!
IT'S TOO MUCH!
Really?
...I thought you could get along with other kids, so I allowed you to attend school. Are you going to make me regret that decision?
T-That's, um, not really...

Well then, go make up the classwork you missed and finish the project due next week.
I really could have died!! You didn't even come visit! Serio—

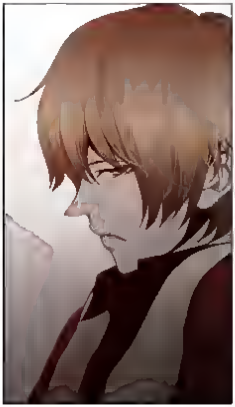
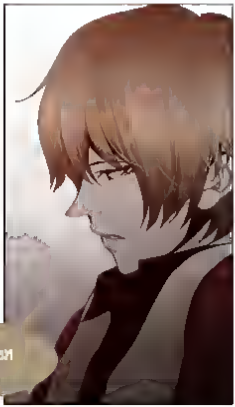
What tree?



I heard that Ran was also superb at his studies. Is it true?

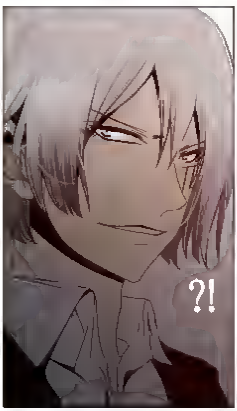
.....

Why don't you just announce it to the whole world?



It is. His father had an excellent memory.

It wasn't enough to be a handicap, but he did have a personality disorder
That's why.. Hmm... Ran's social and communication skills were quite underdeveloped. But in turn, other skills were very advanced.
His personality sometimes sucks, but not as if he has a disorder. Probably



Isn't it about time we started a new game?

Let's stop messing around behind the children's backs

...and work out a deal.

So we get to go do stuff outside during the last quarter?!
We won't be going very far.
We'll play tag just outside here.

I do have a class outline for you, so let's review it quickly before heading out.

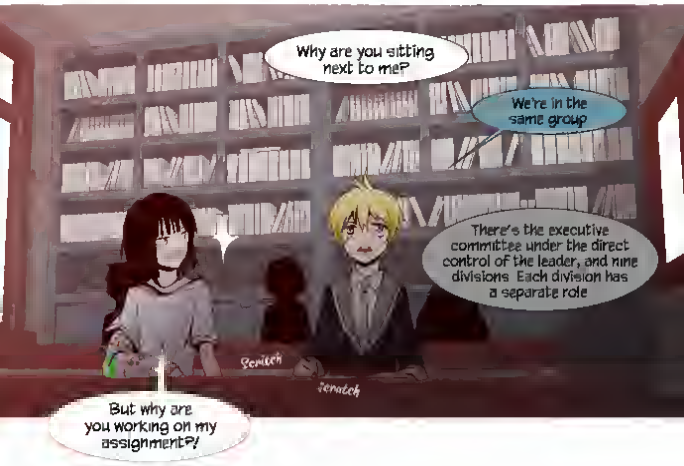
There was a huge ruckus outside, right?

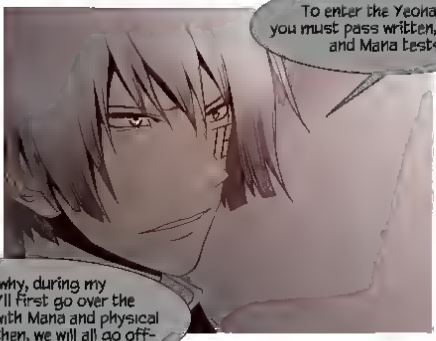
It's him!

The serial killer,
Black Raincoat!

The Yeona-dan is an organization that protects the gods and their possessions. It also maintains order and balance in the world.
In short, police. We're the police.



Why are you sitting next to me?
We're in the same group.
There's the executive committee under the direct control of the leader, and nine divisions. Each division has a separate role.
But why are you working on my assignment?!



To enter the Yeoha-dan, you must pass written, physical, and Mana tests
That's why, during my course, we'll first go over the theory, along with Mana and physical training. And then, we will all go off-campus for group tests.

What about those of us who don't know how to use magic?

Materialization?
Many people have the common misconception that innate Mana is magic. Innate Mana is a talent that some possess.

Even without innate Mana, if you keep sending signals to your brain...
Drop
...you can use the Enpiste present in the brains of the gods to Materialize basic magic
Whoa!!!
Everyone, please think of a specific kind of magic you want to try next time.
Once you can use magic, I will teach you offensive and defensive magic that you will need during the practical course.
You can use magic even if you don't have innate Mana?

What the heck am I thinking?

What are you going to try?

Magic to make me invisible!

What? You can't! That's forbidden magic
Really? No way!
Ummm, what do you want to do?
No.
Even if I could, I won't do it.
I promised myself...

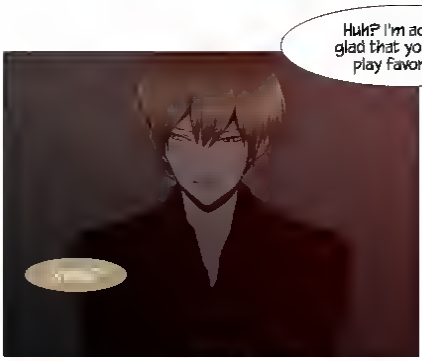
It wasn't even that long ago, but
I still keep thinking about that.

I'm sorry, Ajussi.

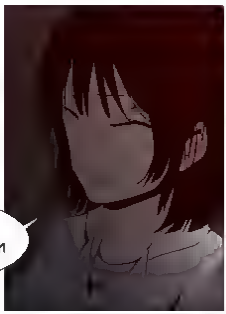
Are you here to see me?!
I was just thinking about you!
Come on, don't quietly.

Wow.
I think my Innate Mana is Telepathy.

I was really just thinking about you, and here you are.
Oh. Is this a dream?
You're not happy.
I thought you'd be upset because I took Bize's side.



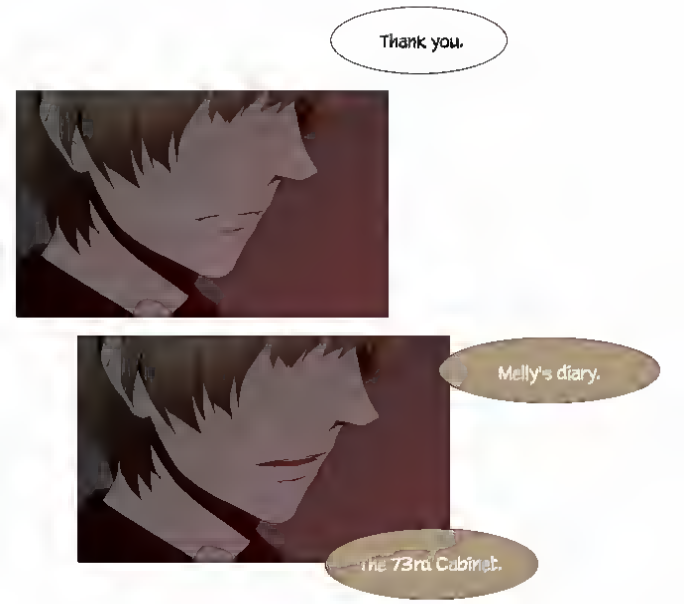
Huh? I'm actually glad that you don't play favorites.



Of course.
Actually, my mind was running in circles from the Yeoha-dan course today.

He said that we should think about what type of magic we want to try. But there was only one thing in my mind.

But I feel better after seeing you, Ajussi



Thank you.

Good morning.

Professor! Can I really not turn invisible?!
You want to be invisible?
It's been banned, because of children just like you.
Woo-hoo! Finally, we've started learning magic!

Well then, let's start with the magic you each want to try.
Isn't there anything you want to do?
No. Not really

.....
Focus your entire being into your Enpiste and draw a magic circle on the floor, or any flat surface, or even your body, sort of as if you were just dropping it there.
Or, if a magic circle is already drawn, you can concentrate your Mana onto it.
Magic materialization is almost instinctive for gods, so anyone can do it.

Oh, pretty impressive.
Your innate Mana is electricity? Very nice, Eyelashes.
Whoa!! What the heck?!
H-Huh?! What's happening?!
Don't panic! It's because the magic you're trying isn't very compatible with you!
Wow!! Young-Hee, what is that?!

Everyone's doing very well.
How interesting.
Hey, why's everyone so good at this?
Magic materialization improves as you practice.
If you're struggling with it, please ask your group members for advice and take your time.
For now, let's move on.
This time,

We'll take a look at the magic that cops use during an investigation.

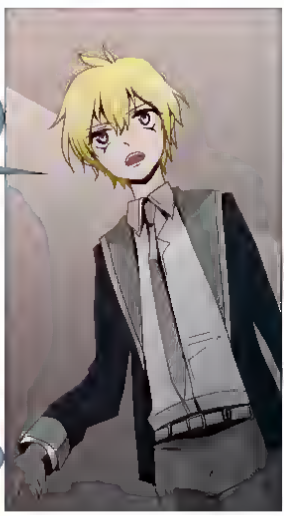
Hey! Don't just stand there like a lump of clay
You're supposed to defend yourself!

I attack the egg while you try to defend it.
Weren't you paying attention in class?
Crack
I don't really understand the magic materialization part.

How do I use the Enpiste? Do I just think about it?

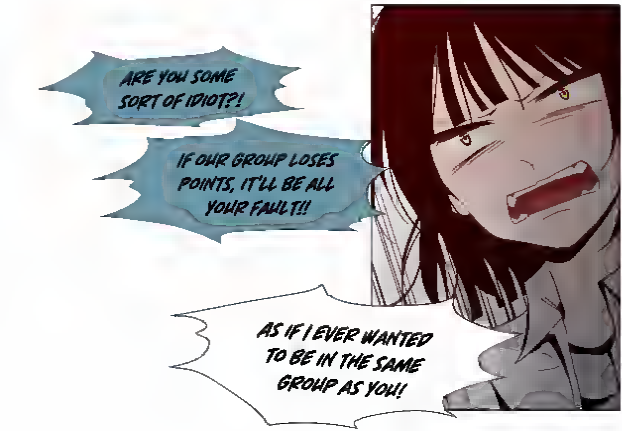
No, you don't.

Move the Enpiste just like you'd move any other body part to project your Mana out of your body.



It's like your antenna. If you think about moving it, your brain sends signals to your hair, right?
It's the same principle! Make your brain send signals to your Enpiste!

Uh... How do I send signals?



ARE YOU SOME SORT OF IDIOT?!
IF OUR GROUP LOSES POINTS, IT'LL BE ALL YOUR FAULT!!
AS IF I EVER WANTED TO BE IN THE SAME GROUP AS YOU!

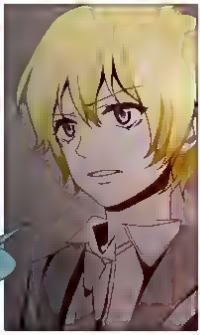
HOW COULD S[illegible] LIKE YOU EVER MASTER MAGIC?! JUST KEEP WAVING YOUR WEIRD CLUMP OF HAIR FOR THE REST OF YOUR LIFE!
WHAT?! DO YOU WANT ME TO CLOBBER YOU?!
Bize, they said your father is in the teachers' lounge.
My father?

I think he's here because of your grades, but— Are you okay?

Grrr

Just...practice by yourself some.

I'll be back soon.



DON'T COME BACK!!
JUST STAY GONE FOREVER!!
SLAM!!
Are you still practicing magic?
Why don't you just look for magic that's compatible with you instead?
Maybe the magic we learned today doesn't really match your Enpiste.

Or maybe you have some undiscovered Innate Mana so strong that nothing else works.
What's my Innate Mana? Antennae?
How super duper cool.

Not like that. Like, real Innate Mana

They say that Innate Mana usually shows itself when you're 14.

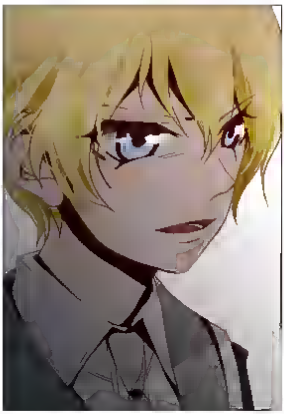
Like what happened with Hyacen?
Or maybe my grades?
.....
He did ask about something.

Not about your grades, but whether you were overstressed.
And rather than that fight, he wondered if you
Oh



He's still your father,
regardless of whether he's your
biological father or not

From today on, we will practice Magic Materialization for the first twenty minutes of class.
C II
EGGS/*
We will also study "Criminal Psychology and Experience," according to the course outline.

* Remember your favorite scanlators.
EGS – Easy Going Scans!

We'll analyze and discuss criminal psychology. Then we'll split groups into cops and criminals so that you can experience it firsthand.
As expected of the Queen! You split four eggs in half all at once!
It'll be just like a game of tag. Okay, put away the eggs now.

Well then, let's discuss the criminals that I've picked for you!
Research the criminal in your group's papers, share the information, and talk about it with your classmates! That's all we're doing today!
A
C
At the end of class, organize your notes and hand them in to the class president.

Will an hour be enough time?
Just an hour?!
I can't even materialize magic, so why am I doing this?

First off, Group A's criminal is Ishin, who has become quite well-known lately.
Ishin was the leader of the rebel group trying to imitate the Marhnie, who were banished after defying the Creator. Most people know all about this.

Group B will research the criminal whose bounty shot up from 1.8 billion to 2 billion in the span of a day. How amazing.
You should all realize who I mean!
Oh... That's...

...Ran Belrenephia.
Yes, exactly!
Wh...?

I'm sure you all know about him.

He's a ruthless criminal often appearing on the front pages.

His latest crimes are possessing books of forbidden magic and stealing top secret information that's only available to high officials.

He does not hesitate to use any extreme measures to get what he wants, and he resorts to murder if necessary.

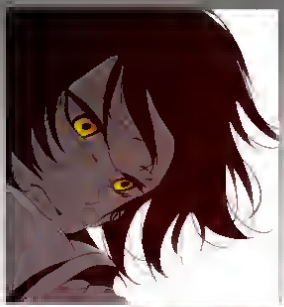
What are you...?

Dad...

I should have just stayed in Ajuset's place without complaining.

Back then...

Don't waste time thinking up stupid excuses. Just sit down. Let's talk.
As the son of a criminal, you should be prepared to face situations like
And even then...
Forgetting about him and moving on with your life would be the easiest way forward
But I won't force you
Whatever you decide, I'll respect your opinion.



Why do I feel like we're drifting more and more apart?

I can get to know Dad better,

...and I'm getting the chance to get closer to you.

What am I supposed to do?
What do you mean, "what?"
I can't turn him in to the police myself.
But I can't ignore him, either.
True. It's odd for a criminal to hand in a criminal, but we shouldn't let a mass murderer run free.

Anyway, what's that around you?

I know your Mana does that on its own, but it's grown much stronger over the past few days.

My eye.

The knife grazed it.

Wow! That's really dangerous.

But the police were able to chase him this far...
...because he was injured.
I probably would have died otherwise, right?
You just sliced someone's eye. I can't believe you're so calm.
Now get up...
...or else I'll get you ready for your grave.
Thud

Stop dozing off.

We need to have
a serious talk about what
we're going to do

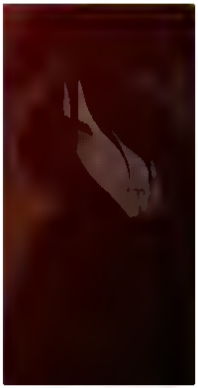
But the police were able to chase him this far...



because he was injured.

You just sliced someone's eye. I can't believe you're so calm.

Now get up...

...or else I'll get you ready for your grave.

Stop spacing out

We need to have a serious talk about what we're going to do.

Move...

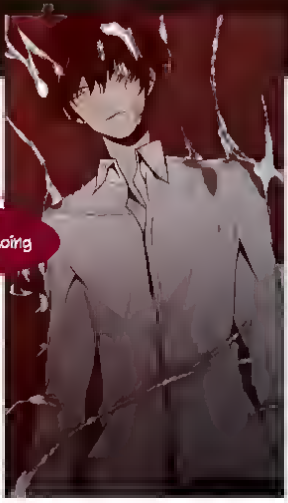
There is something I absolutely must do.

I can't waste my time in a place like this!

"Place like this?"

How dare you barge into my place and hurt my employee? Do I look like a guy...

...who'll let the law stop me from doing what I want?



I apologize for how I acted earlier

If it would make you feel better, you can do the same to me.

But there's something I need to do, even if I die trying!

Just like you want something so badly that you're willing to hide your own identity!

If I'm wrong, then explain that disguise!

You've been hunted long enough. You have to accept reality.

Stop acting like the victim and pretending to be pitiful.
Even if circumstances drove you to do what you did,
The moment you commit your first crime, you're nothing more than a heartless bastard.
Whine all you want about your good reasons, you will never be able to go back.
What?
How can you--?
Enough!
No matter how much you argue, it won't solve anything.
So stop it, and try to think about an actual way out of all this.

You're both wanted by the police, so there's no point in reporting anything. But you already know this, right?
No one got hurt too badly, so I think we should all just forget about this. It's water under the bridge. What do you think?

Let the police deal with your criminal backgrounds. That's what they are for. We don't need to worry about each other's business
Involving the police will only bring harm to you, Landlord.

I wouldn't care if he dropped dead right here.
Fshh
Good.
So he agreed. What about you, Raincoat Man?

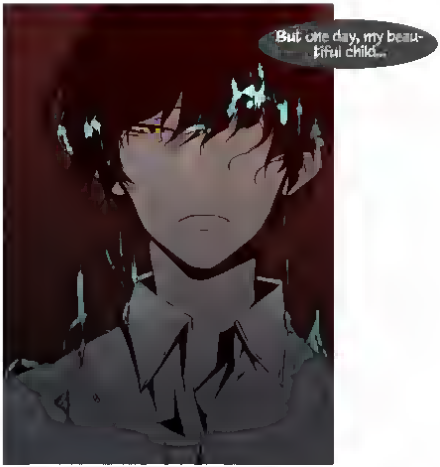
I'm just glad you think that way.
But really, why are you going around doing those things?
You can easily avoid the cops, so you're obviously not some average guy...

I have... I had a daughter.

She wasn't my biological child, but I raised her with all the love I'd give my own.

She was bright and lively, and quite popular.

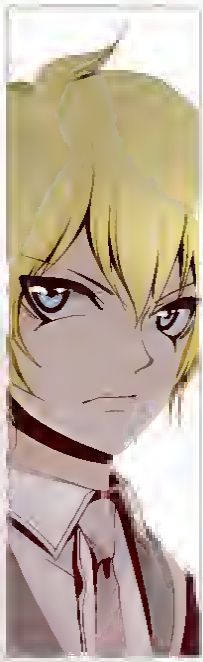
Her laughter brought so much happiness into my boring, ordinary life.

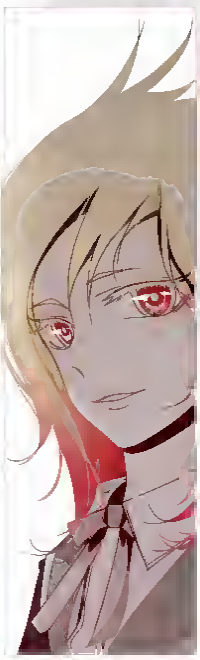


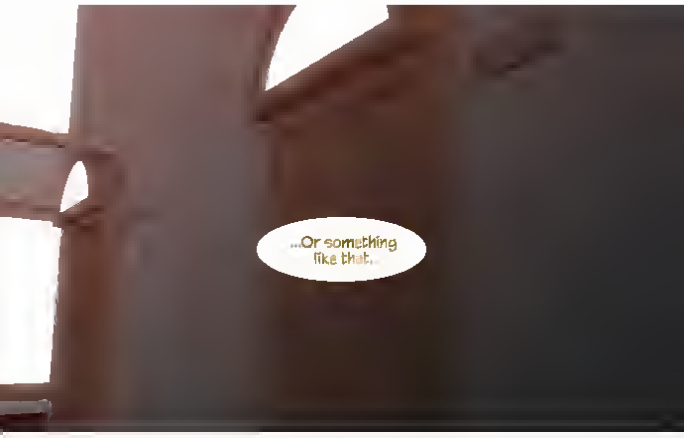
But one day, my beautiful child...

...lost her eyesight.

Trump







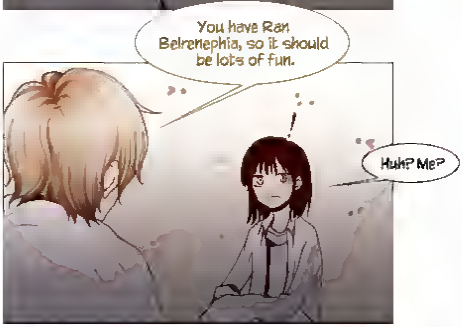
...Or something like that...

Of course, this is just my guess...
.....

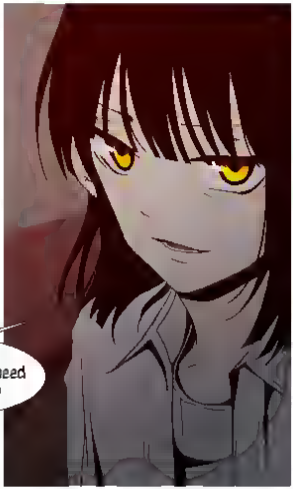
...about why the Black Raincoat targets kid's eyes!!
To have them experience the same pain
That's just way too sad.

Really?

But why aren't you doing any research?



You have Ran Belrenephia, so it should be lots of fun.
Huh? Me?



If you don't work hard enough, you'll lose to Bize
We're working in groups, but each is scored individually
Oh, yeah Yeah, I need to try hard too

You're only cheering for Hyacen? How mean.
Oh, speak of the devil
I was looking for some materials so I'm a bit late~

No slacking! Read through these.

Otherwise I'll just give it to Group C during the evaluation

What's this?

Reference material...

...A scrapbook of every single crime Belrianephia committed in the past three years.

Apparently he's had a bounty for that long.

Three years...

That's around the time Dad and I started living apart.
He had a high social position. But then twelve years ago, he suddenly hid himself from the world.
No one knows what happened. But three years ago he appeared in a market where they sell texts on forbidden magic.
He was probably researching magic that was banned a long time ago.

Searching all over the world,
...he acquired eight books from the Creator's library and 60 texts on forbidden magic.
It seems that he committed all sorts of ruthless crimes. Crimes that ordinary people couldn't begin to imagine.

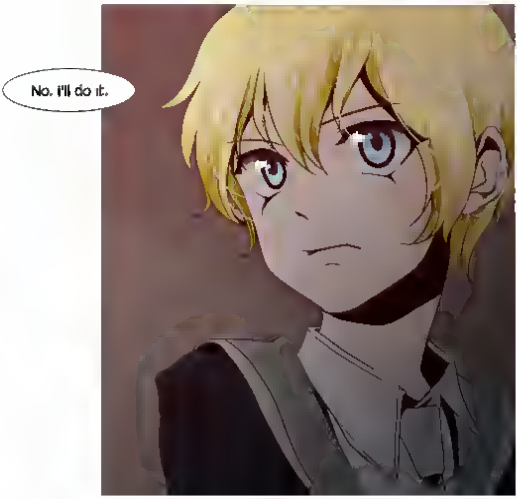
His wife went missing. There's a rumor that she was killed as a part of his research.
This is...

There are a lot more stories...
...
...
No way...

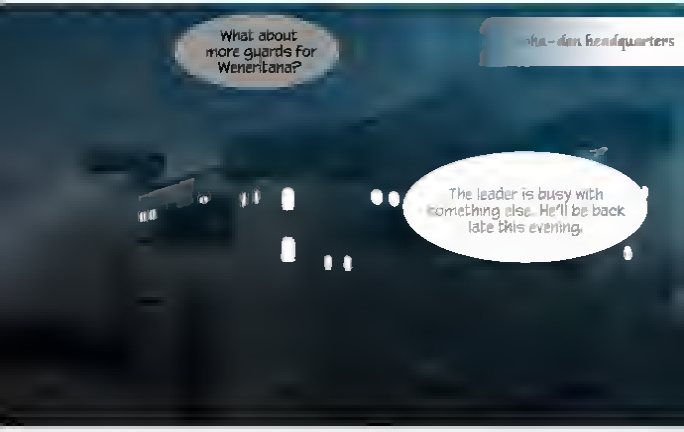
There's no way Dad could do something like that to Mom!

Hey, aren't you going to doing anything?
Why are you just sitting there?
.....
If you're not working, help me with the Black Raincoat.
You were really interested in this, right?

I'm telling you right now, we'll be scored individually for this.
If you don't participate, then you won't get any points.



What's with you?

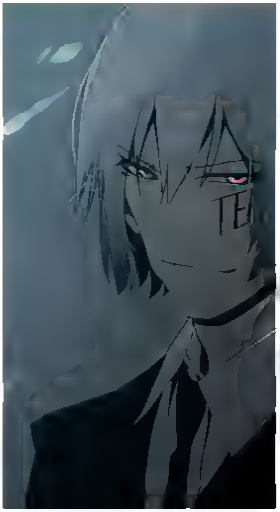


What about more guards for Weneritana?
...ha-dan headquarters
The leader is busy with something else. He'll be back late this evening.

Then ask him to send me the stamped documents as soon as he ...pproves them. Tell him it's urgent.
There's a lot of paperwork for children to leave the school grounds.
I'll make sure you receive them in the morning.

Good. Make sure you repeat what I said word for word.

Yes, sir.



I've already checked the location for the exercise.

Now, then...

...let me start
the covert work.

I see...

If nobody understands what you're doing, all sort of weird rumors crop up.
They'll say you did things you didn't actually do.
Swish
Or could the rumors be true?

Maybe I'm in denial, and my opinions of Dad are distorted and optimistic...
Since he never...

...told me anything about himself.
So that's what happened.
It must have been very difficult for you.

But that doesn't justify what you're doing.
If she found out about what you're doing, she would never forgive you.
That's true. Very true.
But...

...I can't stop anymore.

I DON'T KNOW! YOU CHECK IT!!
So noisy.

What's wrong? What time is--?
GEH!!

AACK!! IT'S MOVING!!
HYACEN! ARE YOU OKAY?!

GET DOWN, HYACEN!! IT'S DANGEROUS!
What...? What is this?!
WAIT IS THAT...? COULD THAT BE YOUR HAIR?

JUST GET DOWN HERE!

HYACEN!!

Yeah?

Thud

Thud

Haah...

Haah...

Hya...?

Oh, Ajussi.
Oh, you're here? We were just finishing up.
WHAT HAPPENED?! YOUR HAIR SUDDENLY GREW? YOUR NOSEBLEED WON'T STOP?
WHAT THE BLAZES IS GOING ON?!
Don't hassle me Ajussi. What are you wearing? What's up with your clothes?

I'M ASKING IF YOU'RE OKAY!!
Calm down. I just panicked.

It's because of last time, when I fell down the stairs.
You know, I banged my head and all.

My nose bleeds whenever I touch it. Weird, huh?
Uh-oh. Another volcano.
Splurt
WHAT ARE YOU DOING?!
See, look. I'm fine.
No need to worry.
I was due for a haircut too, so no problem.

I guess you won't be late today

Too bad. Making fun of you was really entertaining

.....

He must have been very scared.

I think that the stress got to him, and resulted in this little incident. Nothing more serious than that.
Funny, it's very common for hair to fall out due to stress, but for it to grow like that...?

His innate Mana hasn't manifested yet, right?
These symptoms don't point to any illness, so let's just watch over him for now

Please don't worry too much.
.....

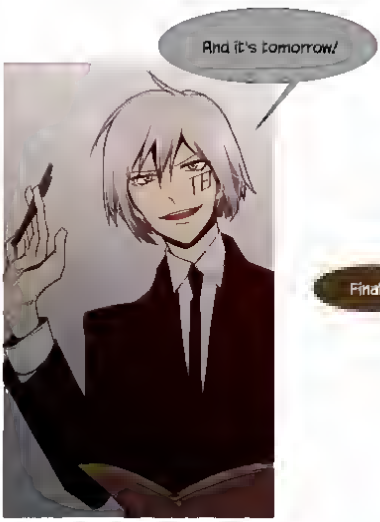
Ari! You just got here?
Wow, it's Rize
late?
C. II
Professor Kashin will probably be late today

He's with professor Dohwadam because of Hyacen
You're right
Ari, Bize!
Eyo!

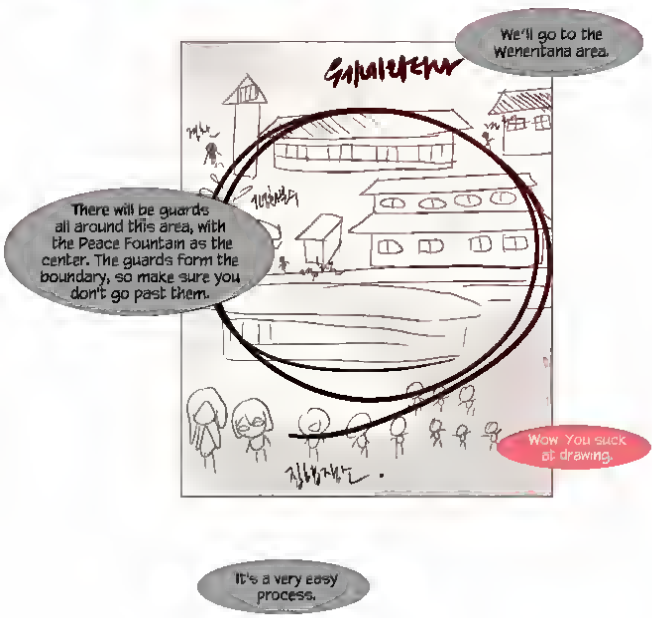
Wow, Hyacen, you got a haircut!
He-he.
Cripes, don't even talk about it. I thought I was a goner today

His hair was like woo-oo-oo like a ghost!
Did it move like his antenna?!
You wish it'd move!
I seriously freaked out!
Is he okay...?
Knock knock.

We don't have Yeokha-dan classes today, sir!
No, no. I'm just here about the field trip. No classes!



And it's tomorrow!
Finally!



We'll go to the Wenentana area.
There will be guards all around this area, with the Peace Fountain as the center. The guards form the boundary, so make sure you don't go past them.
Wow. You suck at drawing.
It's a very easy process.

In each group, two people will be cops and one the criminal. Like this, you will be chasing and trying to run away.

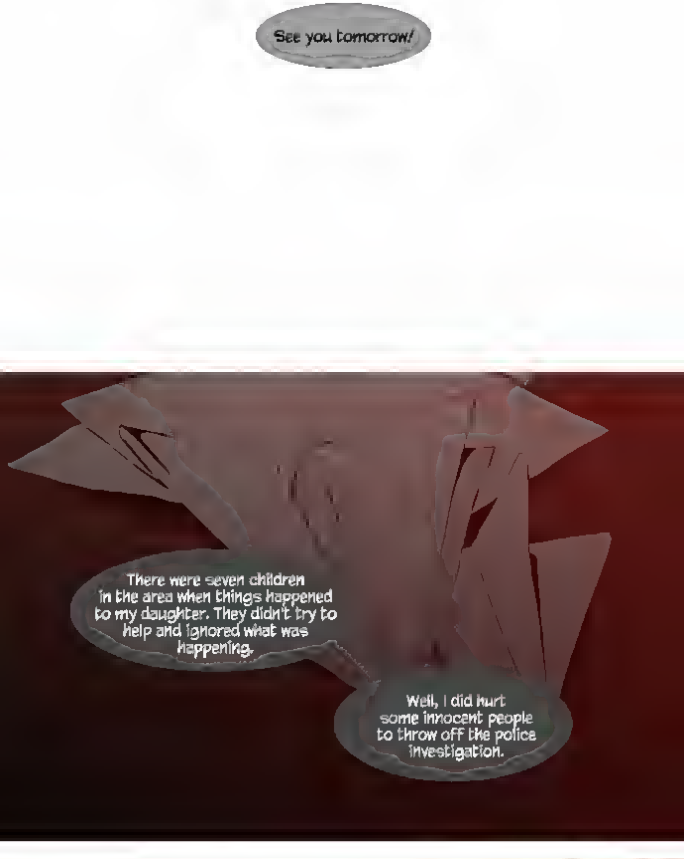
Cops, knowing their usual behavior and habits, you'll try to capture the criminal.

Criminals will learn how a real criminal feels and thinks in a chase, experiencing it firsthand.

The cops win if the criminal is caught within the time limit. If not, the criminal wins.

Decide who gets what role by discussing it with your group members.

Okay.



See you tomorrow!
There were seven children in the area when things happened to my daughter. They didn't try to help and ignored what was happening.
Well, I did hurt some innocent people to throw off the police investigation.

It's not my place to tell you anything, but this sort of thing really never helps.
Oh, you're here.
I thought I should at least thank you before leaving.
Not yet
There are guards all over the place.
I don't think they know what you look like. In the morning, take off your raincoat and try to blend in with everyone else.
Mr. Penguin, right? I am really indebted to you.
Don't misunderstand. I'm only doing this because I don't want to get involved.

Anyway, what's this?
Oh, it's one of the children that Raincoat Man is hunting.

She transferred to the school nearby, so he came here to find her.

I personally hope that he doesn't find her, though.

She looks odd.

Yeoha-dan Field Trip

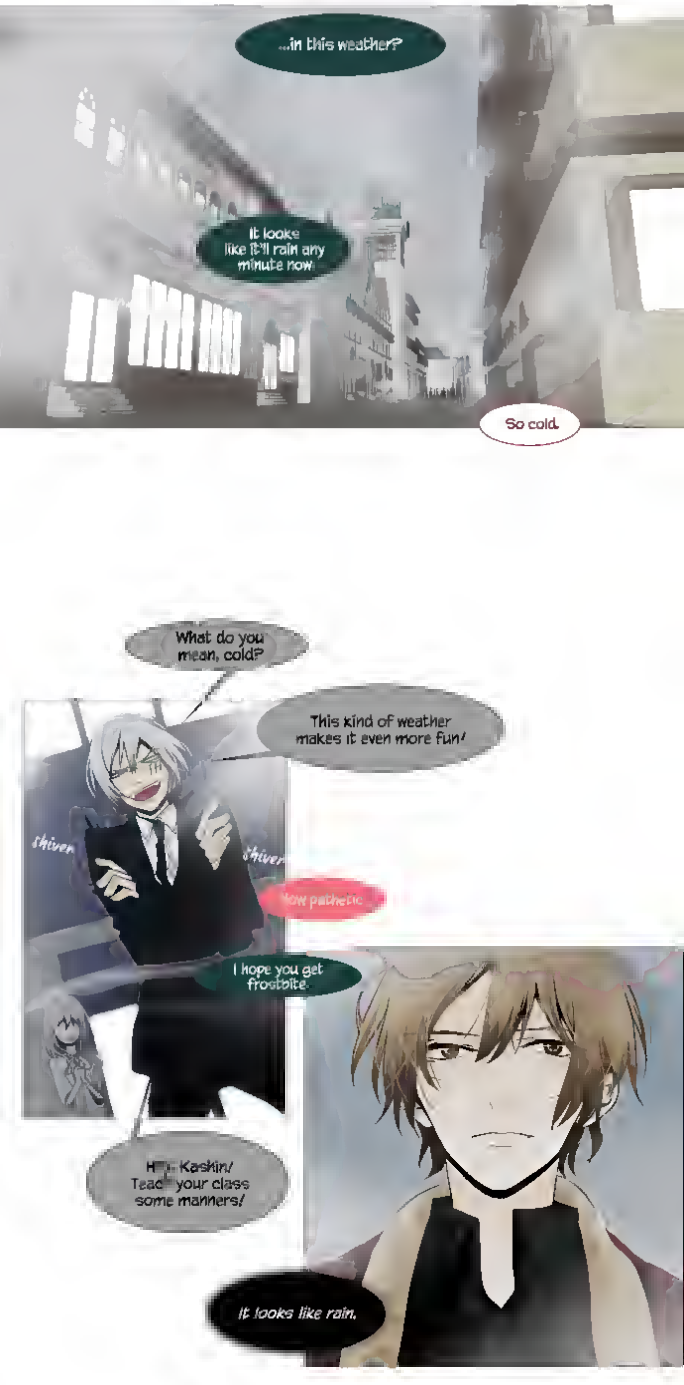
Ta-da! Welcome to Weneritana!

As I explained yesterday, two on each team will be cops, and one will be the criminal. Then you just play tag.
If you can't find them within two hours, just come to the meeting point. If there are any problems during the activity, go to the nearest guard and ask for help.
Are we really doing this...



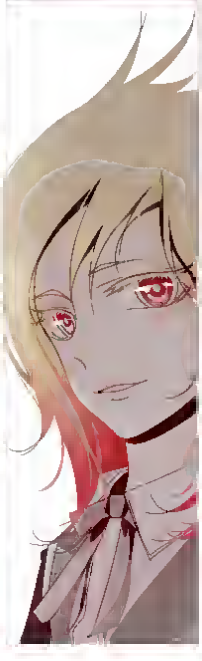
...in this weather?
It looks like it'll rain any minute now.
So cold.
What do you mean, cold?
This kind of weather makes it even more fun!
Shiver
Shiver
How pathetic
I hope you get frostbite.
H[illegible] Kashin! Teac[illegible] your class some manners!
It looks like rain.

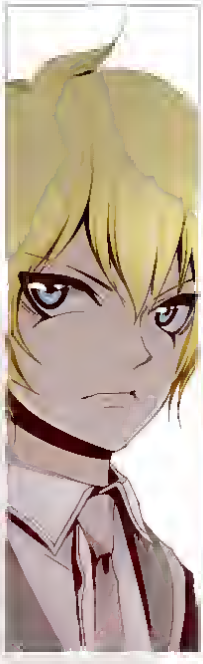
If it starts raining, just come back. You might get sick
Yup, got it.
See you later!

We're off now
Hey, let me get under this too.

It'll be fine.

Trump

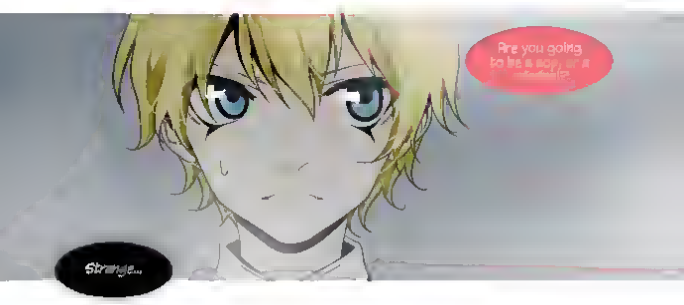




It's hard to see.
With these conditions, the people hiding will have a huge advantage.

They say it rained yesterday.
Step
Seems like it.

Okay, the exercise started ten minutes ago.



Are you going to be a spy or a soldier?
Strange...

Because of what happened, I thought he'd want to beat me no matter what

He has to participate to get points and get a good grade. So why...

...is he so reluctant?

It kinda seems like he's trying to avoid this whole thing.

It's dangerous to think like this, but everyone knows about their friendship
Generalissimo Wiquebelry, Professor Kashin, and that guy — that famous criminal.
Could it be that Hyacen has met that man?
They could have met because Hyacen is Professor Kashin's adopted son

.....

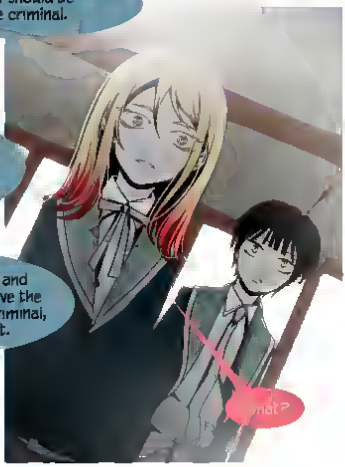
Thud

Hyacen.

You should be the criminal.

For us to get different scores, the two of us need to be split into cop and criminal.

Since the weather and all the conditions give the advantage to the criminal, you should do it.



What?

Me?

Me, the criminal?

Yes. You do it.

...

But I want to do it!

Can I hide instead, Ryacen?

I don't really care.

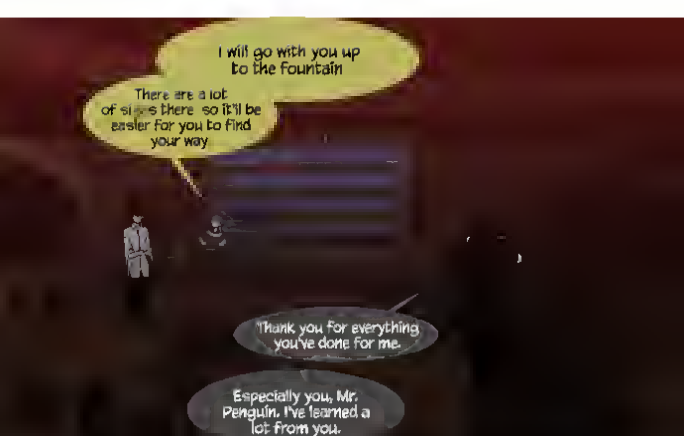
You're doing it, Arif.

Yup. I'll do it!

Okay, do whatever you want.

Then I'll go hide.
Give me five minutes.
It's dark. Be careful.
I don't want to do this.
Haha

There aren't many people out.
Is it because of the fog?



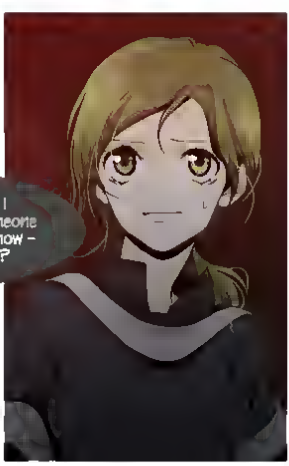
I will go with you up to the fountain
There are a lot of stairs there so it'll be easier for you to find your way
Thank you for everything you've done for me.
Especially you, Mr. Penguin. I've learned a lot from you.

I still wonder about it.

At the time I committed my first crime, what would have happened if someone had been there to tell me to stop?

freeze

If someone tried to stop me before things got out of hand, would anything have changed?



Even right now, when I think it's too late. If someone told me to stop - right now - could I really do that?

Maybe I don't need to go back in time. Maybe I don't need revenge.

Maybe I just needed someone to stop me.

.....
According to the Creator's definition of time, the past is nothing more than the relics of yesterday engraved in our minds. The future is nothing more than the path our present selves are about to walk.
There is *absolutely* no way to go back or forward in time, so try to live your life so that you will not leave any regrets.
That is the only thing I have learned from the Creator.

Yes. In the end, the choice is in our hands.
I'll be back after dropping him off.

I wish you the best of luck.

Clack

.....

Exactly who am I preaching to?

.....

Oh.

Slam

Seriously...

You know, right?

Professor Kashin and Ran Belrenephia have been friends for a very long time.

.....

Why do you think that? There is no way Ajussi would talk to me about some criminal.

Okay, okay. I only asked because you were acting strange during the Yeoha-dan classes, so I hope you're not upset.

I'm not.

I don't know him.

I...

I can't begin to imagine what you must be feeling right now. I do hope that everything will end well

And I'm sure the owner feels the same way... even if he doesn't say so out loud

You're all very kind.

Someone's here

If you go straight across there, you'll find the main road. Please be careful.
There were lots of guards around.
Huh?

What's wrong?
grab
Wait.

She's that lady from Melly Day!

Doesn't she work with Dad?

Why is she here?

Wait.

She's that lady
from Melly Day!

Doesn't she work with Dad?

Hold on.
It's good that man has someone like you around.
I'm living quite comfortably thanks to him, you know

Do you know them?
Shh.
Who is that guy with her? It doesn't look like Dad.

No matter how much I think about it, murder is just not right. But I do wish you luck, Mr. Black Raincoat. Luck to you, and luck to the children.
—?

Well then, goodbye.

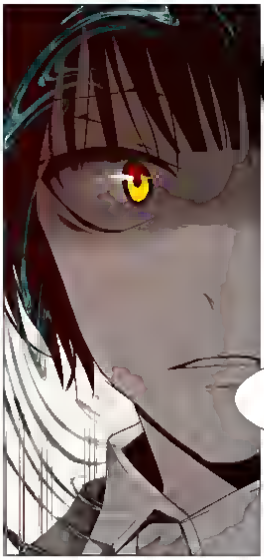
So, do you know them?

Black Raincoat? Murder?

Didn't they just mention Black Raincoat?

You know, the mass murderer who targets children?

Have you gone bonkers?



The lady who works with Dad, together with Black Raincoat.

Dad... Black Raincoat...

Ari. Where did Ari go?

She's the criminal, so she went to hide. What's wrong with you?

Oh my god.

SO ARI'S ALL BY HERSELF?!

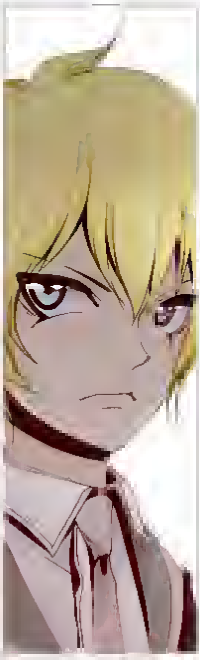
!

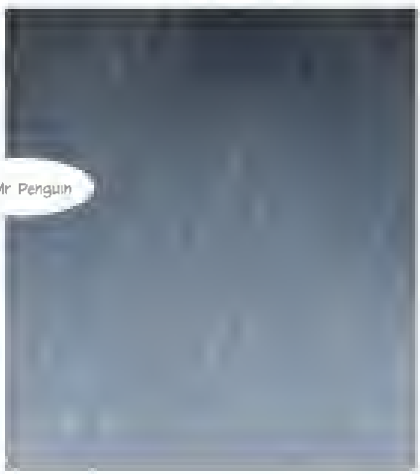
Step
Step

Oh!

it's raining.

Trump



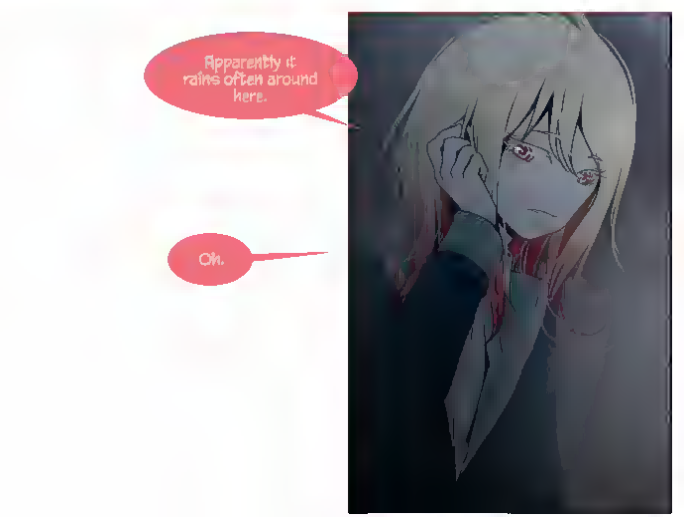


Oh, Mr Penguin

What brings you out here so early?
Maybe there'll be a ring around the moon tonight
...

Would you like an umbrella?
What's wrong with the weather all of a sudden?
The forecast didn't say anything about rain, but it's pouring down.

Some children are out doing a school exercise. Too bad they picked today of all days
Hello Min!
Didn't Professor Kashin tell us to go back if it rains?
Flutter



Apparently it rains often around here.
Oh.

Hey! What's
the winter,
cutting

did you do this?
?
We're in the middle
a field trip anyway, so
me this magic.
What are you talking
about? Mister Penguin
doesn't know magic-

Then what is this?

I ran out here to find the Black Raincoat.

Could this really be just a coincidence?

Oh...You look kinda...Familiar. Do I know you?

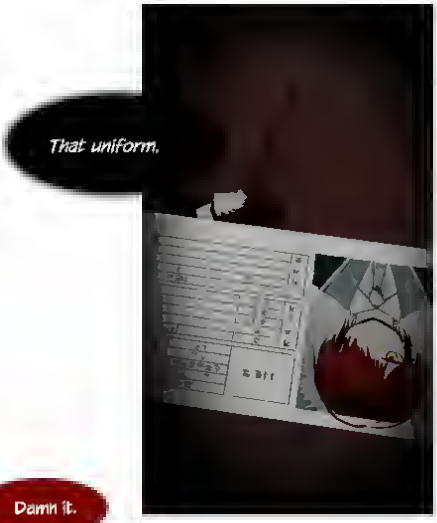
Where have I seen you?

Wait. Did Raincoat Man plan something around this school trip?

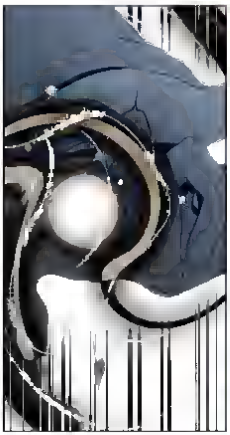
No, that can't be. If he knew what school she attends, he would've simply gone there.

Anyway, Ari, why are you the criminal?

Wait.



Damn it.

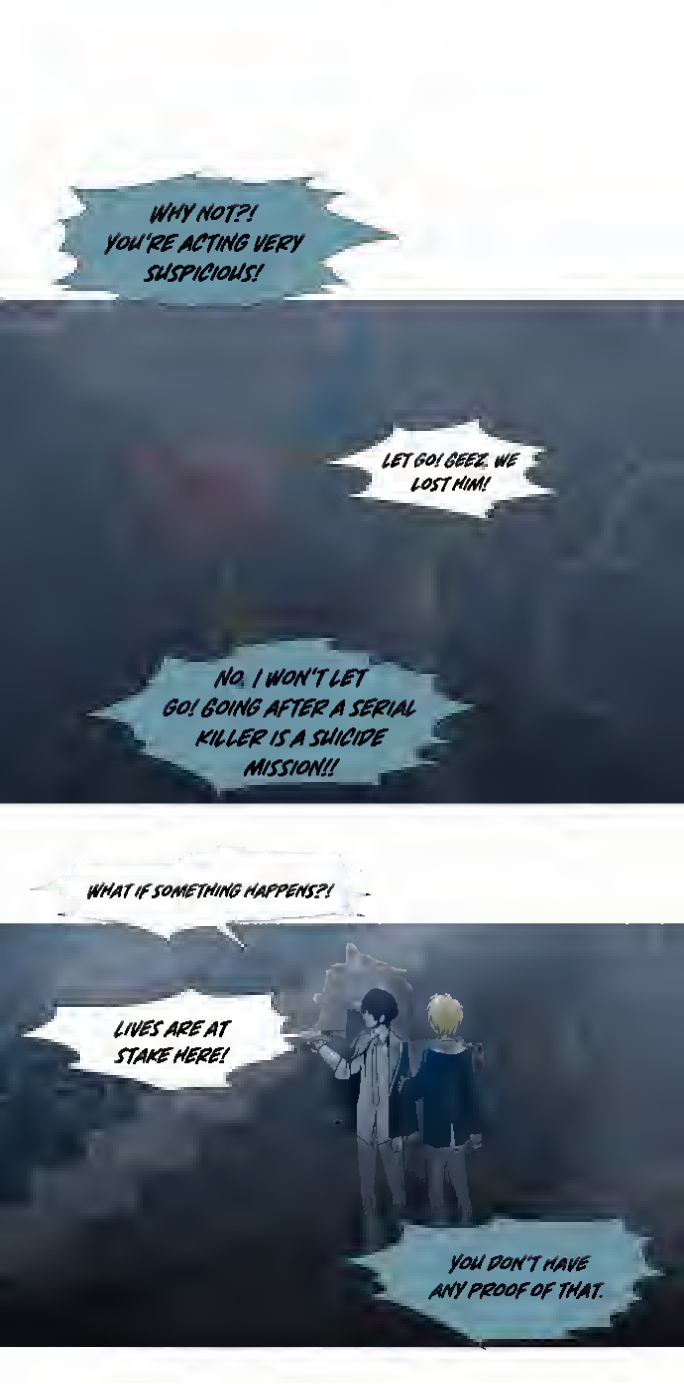


Please excuse me.

Gulp
HEY, MISTER GUARD! MM?
Flop
Flop
You came here on a school field trip?
All the students?
What are you-

For now, go find the teacher in charge, or a guard, or anyone who can help.
It's dangerous here
What?

BLACK RAINCOAT?!
THIS IS REALLY DANGEROUS! WE SHOULD CALL THE COPS INSTEAD OF JUST FOLLOWING HIM LIKE THIS WITHOUT A PLAN!
No! Not the police!



WHY NOT?! YOU'RE ACTING VERY SUSPICIOUS!
LET GO! GEEZ. WE LOST HIM!
NO. I WON'T LET GO! GOING AFTER A SERIAL KILLER IS A SUICIDE MISSION!!
WHAT IF SOMETHING HAPPENS?!
LIVES ARE AT STAKE HERE!
YOU DON'T HAVE ANY PROOF OF THAT.

That lady by that man was involved in a crime before!
If she has some connection to the black raincoat, if anyone in our class gets hurt because of this...
But if we just follow him like this we would be in danger, you idiot!
I'm telling you we need to go back to the meeting place and ask the professors for help!

I told you, we can't tell anyone!
Why on earth not?

Well, uh, that lady, she's, um, a friend of someone I know.
No way are Dad and Black Raincoat related! They have absolutely nothing to do with each other
But I have to make sure that they're not connected. I need to see it with my own eyes.

I don't want to doubt him anymore.

Whenever I hear anything bad about Dad...
His latest crimes are possessing books of forbidden magic and stealing top secret information that's only available to high officials.
